Missoula County Public Schools 5 Measureable Goals

- Achievement and graduation for all students, regardless of their circumstances and abilities.
- Refine and implement a quality supervision and evaluation program for all staff.
- Define and implement a quality professional development program that encompasses best practices and supports the needs of all staff.
- Restructure the organization to become more efficient, effective and accountable to support the goals of the District.
- Cultivate and enhance staff, student, parent, business and community involvement.
